Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). filehosting provides an easy possibility for you to send large files to your friends. Our service is completely free for everyone. It is also allowed to link to the download page from websites and communities. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. Alternatively you can choose to share your download links on blogs, forums and social networking sites. If only we could, we surely would! On the otherhand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. You can give this download link toyour friends by mail or instant messenger. Keep your files private, or send your download links only to friends or family. The cost of that data transfer iscovered by your internet service or the data plan on your phone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Yourwallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and ourservers, then from our servers to your friends device. You don't need any special software installed to be able to download your files. Just upload the file youwant to share with your friends and we send you a download link to your file. Any file in any format can be uploaded and downloaded for free. When you usefile, you avoid storing the file you're sending in your cloud storage or mail server. Simply upload your file and share the link. Unfortunately, we can't make thatpart free. File is free to use with no gotchas and no hidden fees. So try our free and simple filehosting service now. No account or credit card is required to getstarted. There are no restrictions on the number of times a file can be downloaded. We have no file size limit. Using file, you can circumvent those limitswithout paying to upgrade your team chat service. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you moneyin data storage fees. You decide who you want to share your files with.
