Maybe even better than free.

Alternatively you can choose to share your download links on blogs, forums and social networking sites. So try our free and simple filehosting service now. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Wehave no file size limit. You don't need any special software installed to be able to download your files. Your wallet will be none-the-lighter! Just so we're all100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device.No account or credit card is required to get started. You decide who you want to share your files with. File is free to use with no gotchas and no hidden fees.Keep your files private, or send your download links only to friends or family. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. You can upload any type of file (movies, music, documents, images, zip files and more). If only we could, we surely would! On the otherhand, using file can actually save you money. Any file in any format can be uploaded and downloaded for free. You can give this download link to your friendsby mail or instant messenger. Just upload the file you want to share with your friends and we send you a download link to your file. There are no restrictions onthe number of times a file can be downloaded. filehosting provides an easy possibility for you to send large files to your friends. The cost of that data transfer is covered by your internet service or the data plan on your phone. Using file, you can circumvent those limits without paying to upgrade your team chat service.It is also allowed to link to the download page from websites and communities. Files can be downloaded from any computer from our high speed servers.Simply upload your file and share the link. Unfortunately, we can't make that part free. This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. Our service is completely free for everyone.
