Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. Just upload the file you want to share with your friends and we send you a download link to your file. If only we could, we surely would! On the other hand, using file can actually save you money. The cost of that data transfer is covered by your internet service or the data plan on your phone. Using file, you can circumvent those limits without paying to upgrade your team chat service. You decide who you want to share your files with. Simply upload your file and share the link. It is also allowed to link to the download page from websites and communities. Keep your files private, or send your download links only to friends or family. Unfortunately, we can't make that part free. Alternatively you can choose toshare your download links on blogs, forums and social networking sites. No account or credit card is required to get started. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. You don't need any special software installed to be able to download your files. filehostingprovides an easy possibility for you to send large files to your friends. Our service is completely free for everyone. We have no file size limit. This is easy, fastand reliable filehosting! You don't need any kind of premium-accounts. Files transferred the old-fashioned way tend to pile up and be forgotten about,eventually costing you money in data storage fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is beingtransferred between your computer or phone and our servers, then from our servers to your friends device. Files can be downloaded from any computer fromour high speed servers. File is free to use with no gotchas and no hidden fees. So try our free and simple filehosting service now. You can upload any type offile (movies, music, documents, images, zip files and more). Any file in any format can be uploaded and downloaded for free. Why pay storage fees for a filethat you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Youcan give this download link to your friends by mail or instant messenger.
